RUSSIAN AGGRESSION

THE MAIN PRIORITIES DURING THE WAR:

- Defense needs of the region and the military
- Restoration of damaged infrastructure
- Providing the medical needs of civilians and the military
- Helping people affected by the war
- Rehabilitation of the wounded
- Helping business and agriculture
- Strengthening the region's economy
- Support for educational, scientific and cultural spheres
- Helping vulnerable categories of the people

WAR CRIMES OF RUSSIA

THE CONSEQUENCES OF THE KAKHOVKA HPS EXPLOSION

- The coastline of the Kakhovka reservoir has shrunk by an average of 1 km, which critically affects the water supply situation in Nikopol and Kryvyi Rih districts.

OVER
850

**KILOGRAMS OF
BIOLOGICAL
RESOURCES
WERE LOST**

OVER
7,6

**MILLION UAH
OF LOSSES IN
THE FISHING
INDUSTRY**

OVER
3,2

**THOUSAND HECTARES
OF AGRICULTURAL
LAND WERE NEGATIVELY
AFFECTED**

AMONG THE POSSIBLE CONSEQUENCES ARE:

- deterioration of agricultural conditions
- loss of attractiveness for fisheries activities
- loss of forest plantations and massive forest fires
- formation of swamps and shallowing of small rivers

OVER
200

**THOUSAND PEOPLE
WERE LEFT WITHOUT
WATER SUPPLY**

FIGHTING FOR THE SAKE OF LIFE

OVERCOMING THE CONSEQUENCES OF THE KAKHOVKA HPS EXPLOSION:

- Water deliveries were organized to the affected communities in the region:

**THOUSA. M³
OF DRINKING
WATER IN TANKS**

**THOUSA. M³
OF BOTTLED
DRINKING WATER**

**THOUSA. M³
OF TECHNICAL
WATER IN TANKS**

- Voluntary evacuation of the population is underway

TO ELIMINATE THE CONSEQUENCES OF THE HPS EXPLOSION THE FOLLOWING IS UNDERWAY:

- Clearing the beds of small rivers.

- Construction of a new water pipeline from alternative reservoirs to meet the need for centralized water supply for Nikopol and Kryvyi Rih districts. The implementation period is 4 months.

- Water pipelines are being modernized.

WE DO NOT GIVE UP

THOUSA.
AMMUNITION

NEUTRALIZED BY
PYROTECHNICS IN
DNIPROPETROVSK
REGION

UTILITIES AND ENERGY workers are operating at the limit of their capabilities and restore what was damaged by enemy shelling.

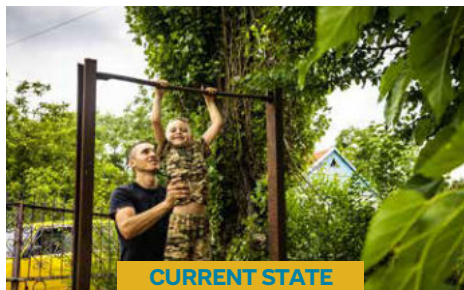

RESCUERS are clearing the rubble and neutralizing dangerous objects every day.

More than 2.6 thousand hectares of fields have been **DEMINED**. Uninterrupted work of farmers was ensured, even during the curfew.

Together with communities, we developed a plan for priority **ROAD REPAIR**. Approved priority projects to modernize the **WATER SUPPLY**.

In 2023, the regional budget received more than **UAH 15.5 bln**. This is 15% more than planned, and 22% more than in the same period last year.

WE WORK FOR THE VICTORY!

An all-Ukrainian program "Side by side" has already been launched to rebuild the areas destroyed by the war. Each region takes patronage of a particular settlement and rebuilds it.

The program was launched in the districts of Kherson region that are far from the front line.

The villages of Olhyne, Starosillia and Bobrovyi Kut are under the patronage of Dnipropetrovsk region.

We will restore more than 220 damaged houses and infrastructure in 3 villages by the end of the year

WE WILL WIN AND WE WILL REBUILD EVERYTHING!

INTERNATIONAL COOPERATION

REGIONAL OFFICE FOR INTERNATIONAL COOPERATION IS A KEY PLATFORM for international partners to cooperate at the level of the region and territorial community.

REGIONAL OFFICE FOR INTERNATIONAL COOPERATION

PARTICIPANTS

- Foreign state that is designated as the patron of the region;
- Regional authorities (Regional Military Administration);
- Local authorities (city and village councils in territorial communities);
- International partners (diplomatic missions, international organizations, governmental and non-governmental institutions).

KEY ADVANTAGES

- sharing current information;
- international assistance coordination;
- monitoring, analytics and reporting;
- urgent response for any request;
- decentralized approach.

FUNCTIONING ALGORITHM OF THE REGIONAL OFFICE

Data systematization, project support and coordination of international projects between all parties represented in the region.
